SHIMANO STREAMFLIGHT TROUT RODS 6'3" UP TO 8'

Precision Lure Placement for Freshwater Anglers

Built from the ground up to set a new standard in freshwater lure rods, Stream Flight delivers unmatched casting precision and feel—putting your lure exactly where you want it, every time.

"This rod demonstrated an excellent balance of sensitivity, casting control, and durability. The Streamflight responds well to subtle bites, while the smooth casting action provides

consistency across both short and long distances. Its robust construction makes it a dependable option for beginners, yet its responsiveness will also meet the expectations of experienced anglers. Overall, the rod delivers versatile and reliable performance, making it a well-rounded choice for a wide range of fishing situations."

- Shimano Field-Tester Nicor Sutherland

NEW

Endurance Rod Range from Okuma

The 14ft Go-Anywhere, Fish-Anything Telescopic Surf Rod.

The Carbon blank is more sensitive and responsive than traditional telescopic rods. The Endurance Telescopic Surf Rod is the ideal rod for the Kiwi angler who wants to be ready to fish at a moment's notice.

Combining the performance of the Endurance series with an ultra-convenient telescopic design - the ultimate "grab-and-go rod."

12ft or 13.6ft Surf Rods Unrivalled Reach for the Serious Land-Based Angler.

When you need the leverage to lift a big fish clear of the kelp, the Endurance is the answer. Thanks to its advanced E Carbon construction, it's light and strong, making this powerhouse surprisingly comfortable to handle. It combines the long casting distance of a 13'6" surf casting rod with the practical features of a rock rod.

Endurance Spinning Rod - Softbait up to Rock Fishing

A true general-purpose workhorse, designed for a variety of boat fishing situations. At its core is the innovative E Carbon blank, combining the durability of fibreglass with the reduced weight and increased sensitivity of carbon.

Its longer 7-foot length and heavier line rating make it a fantastic option for straylining and bait fishing, providing the power needed to handle bigger fish.

RIDERS SPORTS Where Tradition Meets the Great Outdoors

Located right in the centre of Kaitia's main street, Riders Sports has been an iconic name in the Far North since 1952. What began as a humble fishing and saddlery store founded by Dudley and Madge Rider has evolved into the region's go to destination for hunting, fishing, camping, diving, and sporting gear. Serving locals, visitors, and generations of outdoor enthusiasts. Since 1965, Riders has proudly operated from its current home at 73 Commerce Street, where it has stood for nearly 60 years as a cornerstone of the Kaitia community. The store was owned and run by Mike & Sharon Rider for 46 years, before being passed on to the next generation of passionate locals Kane & Laura Attwood, who continue to carry forward the same values of quality, honesty, and community spirit that built the Riders name.

At Riders Sports, we believe the outdoors is more than a pastime, it's a way of life. Our small but knowledgeable team collectively covers every corner of the store, offering genuine expertise and friendly advice across all departments.

Alongside our huge range of trusted brands like Shimano, Penn, Stoney Creek, Beretta Tikka, Ridgeline, Coleman, Gilbert, Steeden, and more, we also offer a full suite of instore services to keep your gear in top shape:

- Reel respooling, servicing, and rod repairs
- Firearm sighting, maintenance & training
- General equipment repairs & expert advice

Whether you're heading out surfcasting on 90 Mile Beach, deep dropping or soft baiting off the boat, stocking up for duck or deer season, setting up camp for the weekend, or grabbing gear for the next rugby, netball, or football match, Riders Sports has you covered.

Generations of locals have relied on Riders to get them ready for life in the Far North, and we're proud to continue that tradition, standing by our customers, supporting our community, and celebrating everything that makes the Far North outdoors great.

SAVAGE CENTREFIRE - TESTFIRE

Article from: Glenn Tuck – Broncos Outdoors, Tauranga.

I recently test-fired: Savage 110 ultralite Elite 7mm Backcountry

The Savage 110 Ultralite Elite in 7mm Backcountry

.... the new calibre on the block — is fitted with the Leupold VX-5 Gen II 3-15x44 Firedot. The rifle is astonishingly light without feeling flimsy; its PROOF Research carbon-fiber-wrapped stainless steel barrel paired with an MDT HNT26 chassis (carbon-fiber forend, pistol grip and buttstock) gives a premium, purpose-built feel when scoped and ready. The Ultralite benefits from Savage's refined AccuTrigger and a threaded barrel, and the textured chassis surfaces made it comfortable to carry and steady to shoot. Recoil was surprisingly mild for a magnum with an 18" barrel, allowing fast follow-ups and easy sight recovery. During testing at 100 m I concentrated on a premium load: Federal Barnes 168-grain LRX. The combination turned the Ultralite into a precision tool, producing groups as tight as 0.25" and consistently around 0.5" at that distance. Average velocity with the 168-grain projectiles was 2,886 fps, which reflects excellent magnum performance out of the short 18" barrel.

The rifle's harmonics, chassis fit, and AccuTrigger harmonized with the Barnes bullets to deliver repeatable POI and outstanding downrange performance. For a lightweight mountain rifle with true magnum ballistics and carry-friendly weight, this build is exceptionally compelling.

SHOOTERS WORLD GORE

Celebrating 49 Years of Experience, Passion & Growth

Founded in 1976 by Lindsay Duncan, a passionate outdoorsman and life member of the Deerstalkers Association, Shooters World Gore grew from humble beginnings — a small local business built on a love for the outdoors, quality service, and genuine community spirit.

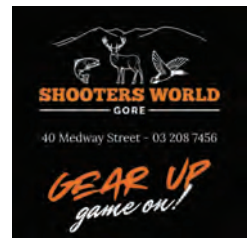

Over the past 49 years, that same passion and dedication have helped Shooters World Gore grow into one of the region's most trusted names in shooting and outdoor supplies.

Today, the business is proudly owned and operated by Scott Wilson, an accomplished clay target shooter who has represented New Zealand at international level. Scott brings a wealth of experience and professionalism to the store, continuing the legacy that Lindsay began nearly five decades ago.

Scott is joined by Alistair MacGregor, whose extensive hunting experience across New Zealand's rugged backcountry provides customers with invaluable, real-world knowledge and advice. Together, the Shooters World Gore team offers unmatched expertise, honest service, and a shared love for the outdoors — whether you're into hunting, clay target shooting, or just beginning your journey in the sport.

We are also pleased to have joined The Outdoors Group and look forward to continuing to provide strong support to all outdoor enthusiasts.

Come in and experience the difference that nearly half a century of passion, performance, and professionalism can make!
